TIME PROVEN DESIGN

CPS SERIES PORTABLE COMPRESSORS

Reliability, easy maintenance and flexibility are the main characteristics of CP Portable Compressors. The range features proven designs with powerful engines from well-known, well-respected brands. With noise reducing enclosures and straightforward control panels, CP Portable Compressors are quiet and easy to use.

CURBSIDE CONTROL PANEL

All user controls are conveniently located including start, stop, load and unload. The CPS 375 control panel also provides protective shutdown for high engine temperature, low oil pressure, and high compressor temperature.

EASY ACCESS DOORS

Full length lockable doors with lift spring assist allows easy opening of doors and access to the engine, compressor, filters and tool box.

FEATURES

- 500 hour service interval
- Large tool storage box
- Unloaded starting
- Torsion bar suspension
- Glow plugs
- Recessed towing lights
- Dual stage fuel filters with water separator
- Fuel level gauge and hour meter
- Low fuel shutdown
- Single point lifting eye
- Galvanneal sheet metal enclosure w/ powder coat paint
- A-frame draw bar with adjustable pintle eye, retractable swivel wheel and safety chains.

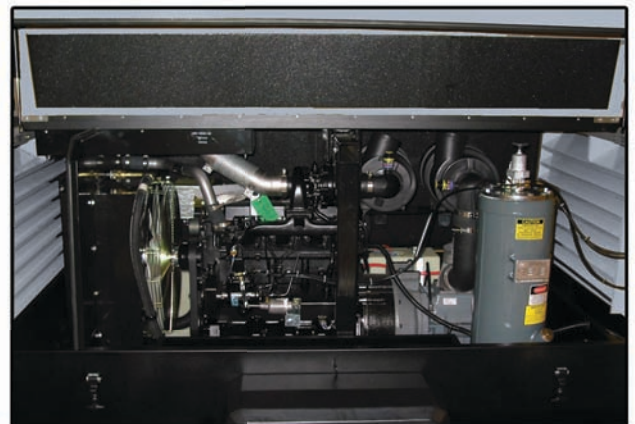

TECHNICAL SPECIFICATIONS

Model Compressor	CPS 375
Actual free air delivery*	375 cfm
Normal working pressure	100 psi
Maximum unloading pressure	125 psi
Fuel tank capacity	38 gallons
Compressor oil capacity	8 gallons
Discharge Valves	(2) x 3/4" & (1) x 1 1/2"

Engine	Perkins
Model number	1104D-44TA (Tier 3)
Cooling system	Liquid
Horsepower	111 BHP
Aspiration	Turbocharged
Number of cylinders	4

Unit Dimensions	Wheel Mounted
Overall length	145 in.
Overall height	71 in.
Overall width	72 in.
Weight wet	3,860 lbs.

*according to ISO1217 ed.3 1996 annex D
