

CPS 185 DD Portable Compressor

The CPS 185 DD portable air compressor features a proven design with serviceability in mind. The wide opening one piece canopy opens fully for excellent service access. An efficient 48 hp Deutz engine is directly coupled to the compressor air end eliminating the need for high speed gears required by most competitors. A simple design and 500 hour maintenance interval provide for many years of reliable service.

CPS 185 DD

- Engine - Deutz model D2011 Tier 4 Interim - 48 HP @ 2750 RPM
